The integral Knowledge is something that is already there in the integral Reality: it is not a new or still non-existent thing that has to be created, acquired, learned, invented or built up by the mind; it must rather be discovered or uncovered, it is a Truth that is self revealed to a spiritual endeavor: for it is there veiled in our deeper and greater self; it is the very stuff of our own spiritual consciousness, and it is by awaking to it even in our surface self that we have to possess it.

Rebirth and Other Worlds

Reality and the Integral Knowledge

The Life Divine by Sri Aurobindo

He passes in his departure from this world to the physical Self; he passes to the Self of life; he passes to the Self of mind; he passes to the Self of knowledge; he passes to the Self of bliss; he moves through these worlds at will.

Taittiriya Upanishad

He is the ruler of the life and he moves in his journey according to his own acts; he has idea and ego and is to be known by the qualities of his intelligence and his quality of self. Smaller than the hundredth part of the tip of a hair, the soul of the living being is capable of infinity. Male is he not, nor female nor neuter, but is joined to whatever body he takes as his own.

Swetaswata Upanishad

The Ponder Corner

Other planes coexist with ours, are part of one complex system and act constantly upon the physical which is their own final and lowest term, receive its reactions, admit a secret communication and commerce. Man can become conscious of these planes, can even in certain states project his conscious being into them.

A The Gnostic Being

(continued from last week)

“This new relation of the spirit and the body assumes — and makes possible — a free acceptance of the whole of material Nature in place of a rejection; the drawing back from her, the refusal of all identification or acceptance, which is the first normal necessity of the spiritual consciousness for its liberation, is no longer imperative. To cease to be identified with the body, to separate oneself from the body-consciousness, is a recognised and necessary step whether towards spiritual liberation or towards spiritual perfection and mastery over Nature. But, this redemption once effected, the descent of the spiritual light and force can invade and take up the body also and there can be a new liberated and sovereign acceptance of material Nature. That is possible, indeed, only if there is a changed communion of the Spirit with Matter, a control, a reversal of the present balance of interaction which allows physical Nature to veil the Spirit and affirm her own dominance. In the light of a larger knowledge Matter also can be seen to be the Brahman, a self-energy put forth by the Brahman, a form and substance of Brahman; aware of the secret consciousness within material substance, secure in this larger knowledge, the gnostic light and power can unite itself with Matter, so seen, and accept it as an instrument of a spiritual manifestation. A certain reverence, even, for Matter and a sacramental attitude in all dealings with it is possible. As in the Gita the act of the taking of food is spoken of as a material sacrament, a sacrifice, an offering of Brahman to Brahman by Brahman, so also the gnostic consciousness and sense can view all the operations of Spirit with Matter. The Spirit has made itself Matter in order to place itself there as an instrument for the well-being and joy, yogakṣema, of created beings, for a self-offering of universal physical utility and service. The gnostic being, using Matter but using it without material or vital attachment or desire, will feel that he is using the Spirit in this form of itself with its consent and sanction for its own purpose. There will be in him a certain respect for physical things, an awareness of the occult consciousness in them, of its dumb will of utility and service, a worship of the Divine, the Brahman in what he uses, a care for a perfect and faultless use of his divine material, for a true rhythm, ordered harmony, beauty in the life of Matter, in the utilisation of Matter.

As a result of this new relation between the Spirit and the body, the gnostic evolution will effectuate the spiritualisation, perfection and fulfillment of the physical being; it will do for the body as for the mind and life. Apart from the obscurity, frailties and limitations, which this change will overcome, the body-consciousness is a patient servant and can be in its large reserve of possibilities a potent instrument of the individual life, and it asks for little on its own account: what it craves for is duration, health, strength, physical perfection, bodily happiness, liberation from suffering, ease. These demands are not in themselves unacceptable, mean or illegitimate, for they render into the terms of Matter the perfection of form and substance, the power and delight which should be the natural outflowing, the expressive manifestation of the Spirit. When the gnostic Force can act in the body, these things can be established; for their opposites come from a pressure of external forces on the physical mind, on the nervous and material life, on the body-organism, from an ignorance that does not know how to meet these forces or is not able to meet them rightly or with power, and from some obscurity, pervading the stuff of the physical consciousness and distorting its responses, that reacts to them in a wrong way. A supramental self-acting self-effectuating awareness and knowledge, replacing this ignorance, will liberate and restore the obscured and spoiled intuitive instincts in the body and enlighten and supplement them with a greater conscious action. This change would institute and maintain a right physical perception of things, a right relation and right reaction to objects and energies, a right rhythm of mind, nerve and organism. It would bring into the body a higher spiritual power and a greater life-force unified with the universal life-force and able to draw on it, a luminous harmony with material Nature and the vast and calm touch of the eternal repose which can give to it its diviner strength and ease. Above all, — for this is the most needed and fundamental change, — it will flood the whole being with a supreme energy of Consciousness-Force which would meet, assimilate or harmonize with itself all the forces of existence that surround and press upon the body.”

UPDATE FROM THE WORKING COMMITTEE OF THE RESIDENTS’ ASSEMBLY

We would like to update the community about the legal cases that are involving the Working Committee.

A criminal case (FIR) with false allegations has been made by the Auroville Foundation Office against three Working Committee members (Chali, Hemant and Sauro) and three other Aurovilians (Renu, Suryan, Wazo).

This criminal case was publicly supported in the press (The Hindu, 24 May) by the members of the Working Committee that were disapproved by the Residents’ Assembly.

We have approached the court to seek anticipatory bail in order to avoid arrest. Despite attempts by the Auroville Foundation to intervene and oppose anticipatory bail, the Madras High Court has granted it.

This criminal case was based on the allegation that the Working Committee members selected according to the latest RAD were not legitimate members and were preventing the other dismissed members from functioning. It was therefore important for us to establish through the Courts that the Residents Assembly is the legitimate body to decide on the memberships of its Working Committee, and consequently that we are the legitimate Working Committee members.

The writ petition was filed in the Madras High Court and was first listed on 13th June 2022. In that session the learned judge recorded the undertaking of the Counsel who gave notice for the Auroville Foundation that they will take no precipitate steps, and then posted the matter on 20th June 2022 with the intention of hearing the main writ petition itself. On the said day, Counsel for the Auroville Foundation sought time to file a counter and also to enable the Additional Solicitor General for India to appear before the Court on behalf of the Auroville Foundation Office. Until then, the interim order granted will continue to be in effect.

The intention of filing a writ petition is to address the core of the matter at present and requesting the honorable High Court of Madras 1) to recognize the due position and role of the Residents’ Assembly according to the Auroville Foundation Act and therefore the legitimacy of its duly selected Working Committee and to not interfere in the work of the Residents’ Assembly and its emanating organs; 2) to invalidate the letter from the OSD regarding the RoR and interference on the decision making processes of the Residents’ Assembly.

For legal considerations, the case has been filed by Hemant Lamba as the petitioner, on behalf of the Working Committee, and each present member of the Working Committee gave its authorization to be legally represented by Hemant in this case.

The court case holds as Respondents the Auroville Foundation represented by its Secretary and Anu, Arun, Partha and Srimoy; these individuals have been included in order to request a hold of the escalation of the present situation as they are claiming to be the legitimate Working Committee and on that basis are interfering in the work of the duly selected Working Committee and by doing so are impacting the functioning and harmony of the Residents’ Assembly.

This court case is not personal to / or against anyone but it is a case that stands for clarity on the principles and processes on which the Residents’ Assembly and Auroville functions at present and it is an appeal to the court to issue certain instructions that are legally binding.

Events and harsh actions have forced us to take legal recourse to protect the Residents’ Assembly as no other option was left. With regards, Your Working Committee

Chali, Elisa, Gilles G, Hemant L, Jurgen A and Sauro

1ST ANNOUNCEMENT
FROM THE NEW L’AVENIR D’AUROVILLE TEAM

Dear Aurovilians, greetings from the newly appointed team of L’Avenir d’Auroville/Auroville Town Development Council.

Over the last years, we have seen that the ever-changing membership of this office coupled with a perceived divide between “Galaxy Plan” based city implementation and “Ground Reality” based city implementation, has brought a deadlock and has led only to pressure-based unblocking of projects.

The newly appointed team of 7 Aurovilians, together with the Member-Secretary Dr. Seetharaman, is charged with the task of dispelling this perceived divide and of assisting the Governing Board to take necessary steps towards practical and eurhythmic implementation of the Galaxy Master Plan at the earliest.

L’avenir d’Auroville is being set up as an nodal institution with Planning and Implementation as its primary dual functions, with the 8-member team acting as a decision-making board that delegates to its technical teams and endorses the derived action plans making sure that they are in line with the vision of Auroville and mission of L’avenir d’Auroville.

Very soon we will be making a call to recruit technical team members with a detailed job description, and the recruitment will be from both inside and outside of Auroville.

Our immediate goals are:

- To identify and detail the development priorities for a projected growth of 12,000 new residents by 2025.
- To continue with the completion of urban design framework and guidelines and Detailed Development Plans (DDPs) for the City Area.

- To stop or revoke permissions for projects in the Green Belt which are unrelated to the prescribed zoning regulations with exceptions given to temporary solutions to address issues such as encroachment.
**URBANSCAPE**

- To de-fence between Auroville communities and to establish larger area level fencing (if required) to exit the mindset of gated community and private property.
- To implement sections of the Crown where it can be experienced as the urban space it is meant to be, without motorized vehicles, by August 2022.
- To develop the GIT corridors (Green, Infrastructure, Transit) of the Residential Zone Sector 1 & 2, to stitch the existing developments together and provide an urban experience.

It is humbling to be part of this new phase of Auroville’s development, and we are immensely inspired and grateful for the positive energy and uplifting support infused into Auroville by the new Governing Board and Secretary. While the challenges and amount of work remain huge, we keep ourselves open to Mother’s guidance and strive to do the best we can to manifest Her will.

Let us join together to give a material manifestation to this incredible City that the Mother has given us through Her direct blessing.

**DUTY APPOINTED RA GROUPS AND SERVICES**

Dear Community, we are all shocked by the continued and aggressive attempts at appropriating many of Auroville’s executive and managerial positions, including the memberships of some of our groups (eg: WCCom, ATDC, FAMC, ACUR, Auroville Archives, Outreach Media, Auroville Multimedia Center), by a small section of Aurovilians supported by the office of the Secretary.

As we have already explained in a previous publication (https://auroville.org.in/article/91526), there are insufficient grounds upon which the Auroville Council can recognize any of the appointments made by the office of the Secretary. We have been made aware of several supposed Office Orders, none of which seem to have been issued with due process nor by the appropriate authorities. Nonetheless, the irregularly appointed individuals continue to maintain a facade and are contacting individuals and groups in our community as though they were duly selected.

In this strange situation, the Auroville Council continue to stand simply and resolutely for Truth and Light; and we recommend to anyone unfortunate enough to have to interact with anyone claiming to hold positions they do not, to simply tell them that “you do not recognize them as legitimate members of the groups/positions they claim to represent, and that they should please contact the duly selected groups of the Residents’ Assembly”.

At Her service, Auroville Council

---

**URGENT: VISAS & ROR**

**Dear Aurovilians,**

1. The Foundation Office communicated to us today that they are not going to accept visa extensions with signatures by the previous WC#3 (Hemant, Chali, Sauro). In a number of documents we crossed out the old names and put our names instead. This is not valid either. The request is to fill up a completely new document and send it to us for signature, as the Working Committee recognized by the Foundation. People with such forms are requested to redo their applications ASAP and send it to us. Sorry for the inconvenience.

2. The time for the RoR is going to finish this month. We request all those who have not filled up these papers to do so immediately to avoid big problems in the future. Over two thirds of the adult residents have already completed the forms. Therefore, we again request all those who have not done so to come forward and complete the process without further delay. We can help with filling up the forms if needed. Please contact us by email or pass by the Working Committee office any morning from 10am onwards.

**Best wishes,**

Anu, Arun, Joseba, Pratha, Selvaraj, Srimoyi, Tine

For the Residents’ Assembly Service
THE INTERNATIONAL DAY OF TRUTH IN AUROVILLE

This is it, the ‘International Day of Truth’ is coming in a few days to Auroville, Friday, 1 July, 2022.

It started as a rumor, a few days ago, probably a message on a chat, relayed on other chats and social channels, you know how it goes.

We wondered why an international day of Truth, like there’s the Day of Yoga, Day of Women or Day of Earth. Shouldn’t we always be in the Truth, like honoring the Women or the Earth every day? Or practicing one’s Yoga every day? And then, why specifically in Auroville? Aren’t we precisely in ‘The City of Truth’, where everyone lives in the truth, the whole truth and nothing but the truth?

We thought that perhaps UNESCO was launching a new campaign for an ‘International Day’ and that, as it is about Truth, which is the cornerstone on which Auroville was built, we would first test this new day here to see if it works and perhaps duplicate it later on a global scale.

Anyway, little by little, we believed in it and we played the game. Most of us, anyway. The rumor became a certainty that would really happen. But the most important thing about this new ‘International Day’ is that it is accompanied by effects, by ‘consequences’, because the rumor is about the ‘truth of the Truth’. In other words, on this day, only the Truth will prevail and will be clearly visible in every resident and situation, regardless of the context and circumstances.

The truth will become irresistible, irrefragable, not as a punishment but as an intrinsic quality of its state, pushed to its extreme, one might say. The truth will reveal itself in broad daylight, at every moment. So that if one does not know how it goes.

Many questions remain unanswered. I shall keep you posted on the progress of this International Day of Truth, in the days to come.

WHAT IS THE QUESTION?

To become or not to become? That is the question.

As the Eternal Principle, the Superconscious Being of Bliss and Love-Force is using Its Self-made evolutionary nature to experience infinite forms only out of delight, then it is only logical that in its multitudinous individual principle It wills to experience another form beyond the limitations of not just the human, but of any other form in nature.

And so the inevitability of change and the core principle of the City of Dawn:

“Man is a transitional being, he is not final.”

But this does not mean that the variations of common humans will disappear with the advent of the new apex species the Supramental being. Most will still be here, as we now see and experience all the infinite variations of species of living beings co-existing with each other. Only the hostile and adverse forces that do not allow the integral co-existence of life, the ‘unables’ who cannot see the underlying Unity in Diversity, the ‘egocentrists’, if that is the right word that implies small self-centeredness or selfishness that in gross or stealth violence stemming from the Ignorance manipulate life towards uniformity and slavery, will disappear. Only that limited form of consciousness will disappear, resulting in a Life Divine, for all.

So again the question: to become or not to become?

The answer is obvious.

But first the necessity of discovering the Eternal Principle:

“Unless one is conscious of the principle that is eternal in oneself, how can one know whether...

Ah! Good, that’s good. That is all right, but then it amounts to asking you if you are conscious of this eternal principle which is in your being!

(Silence)

Are you going to look and see if you can find it within you?

Why is it so hidden?

Perhaps simply because one does not give it enough attention!

If one took the trouble to open the doors, perhaps one would find it.... It is obviously a gentleman who does not like — a gentleman or a lady or something, or anything — which does not like ostentation, does not force itself on your attention at the surface. But perhaps it is waiting for you to go in search of it? Perhaps it is sitting very quietly, at the very back of the house, and you must open the doors one after another.

I don’t find that it is hidden. I find it visible everywhere, all the time, at every moment, in all things.

Shall we look? Shall we go and look?”

EMOTIONAL & MENTAL HEALTH IN AUROVILLE

Dear friends, these current challenging times in Auroville can possibly trigger the rise of unexpected thoughts and emotions, eventually bodily disagreements, as well. One might feel betrayed, by those well-known friends or outwardly auspicious circumstances that were unconsciously expected to last endlessly in the same good manner. One might experience the feeling of safety and happiness in which one was living for so long, of course with ups and downs but steadily all the same in the end, has suddenly fallen apart and nothing will ever be the same.

For those reasons and others, more intimate and/or surprising, one might experience unexpected and unknown mindset and emotional states, even physical disagreements or discomfort, panic-attacks or sudden fear of death or annihilation.

Whether you feel helpless or distressed, you would like to share in an intimate one-on-one session, or you would prefer to reach out to a group with people sharing similar concerns, please send a message to us and we will do our best to support you. Below are a few names that you can freely contact for an attentive and confidential listening.

THE SECRET KNOWLEDGE, PART 2

Monday, 4 July 2022, 4pm at Savitri Bhavan. Duration: 32min.

The Powers of the Spirit who inhabit the highest levels of existence and the Earth Nature ruling the manifested world are secretly collaborating to bring about the transformation for earth and man. The One Supreme and his Conscioius Force, the Mother, the Two-in-One play out their drama here in the universe with us for roles.

The master of existence lurks in us / And plays at hide-and-seek with his own Force; / In Nature’s instrument loiters secret God. / The Immanent lives in man as in his house; / He has made the universe his pastime’s field, / A vast gymnasium of his works of might. (p.66)

He, the Purusha, moves here as Soul and She, the Shakti, as Nature. The Lord has become the human soul, the Traveller through time. The Timeless One has consented to incarnate in Time so that this world may manifest the unveiled Divine and the seed of Divinity may blossom throughout the material Universe.

Lifting our finite minds to his infinite, / Touching the moment with eternity, / This transfiguration is earth’s due to heaven: / A mutual debt binds man to the Supreme: / His nature we must put on as he put ours; / We are sons of God and must be even as he: / His human portion, we must grow divine. / Our life is a paradox with God for key. (p.67)

The Traveller through time is following the secret mission the great Mother gave and voyages through many different worlds.

As long as Nature lasts, he too is there, / For this is sure that he and she are one;.../ For this he left his white infinitiy / And laid on the spirit the burden of the flesh, / That Godhead’s seed might flower in mindless Space. (p.72,73)

A meditative film of Huta’s paintings illustrating passages from Savitri read by The Mother and accompanied by her own organ music which can connect us to the Divine Presence within and lead us towards the spiritual truth and the New Consciousness.

In the beginning there is also a short video of Huta speaking about her work with the Mother. Duration: 5min.

The videos Meditations on Savitri can be seen at the Savitri Bhavan website https://savitribhavan.org/meditations-on-savitri-video/

Great news for those waiting to join our Beginner Spoken Tamil Course: Saravanan is ready to start a new batch! Saravanan has been running this interactive and practically-oriented course for the past seven years. The class modules are based on a booklet called “Fun with Tamil”, which has been put together with a lot of research and thought. By the end of this course, you would be able to converse in Tamil on day-to-day matters, having achieved a deeper understanding of its sounds, pronouns, conjugations, etc.

• The course will start beginning of July. We will fix the days and timings as per the group’s and the teacher’s mutual convenience.

• Verena’s A1 Beginner German Course commenced on 16 July and will soon close for new registrations!

Verena has been trained through the Max Mueller Bhavan, Chennai/ Goethe Institute, and she brings a variety of interactive tools and offbeat approaches to her classes. We have always got fabulous feedback on her courses! By the end of this course, you would be able to carry out simple conversations in German like introducing yourself, talking about your work, your family, your hobbies, and ask & answer questions about everyday things like shopping, restaurants, holidays, etc. No previous knowledge of German is needed for this course!

• From 15 June to 15 September. Register soon! Limited spaces.

French with Jean-François

We have exciting news for French Learners!

After waiting many months to be able to come to Auroville, language-enthusiast & training expert, Jean-François Claude is finally here, with his wife, Sylvie. He will be a long-term volunteer with us for a whole year! Jean-François is immensely excited to interact with all the different cultures of Auroville while helping students & learners access the French language and culture. Mother gives a special place to French, alongside English, simplified Sanskrit, and Tamil as the four main languages of Auroville. In a 1966 note, she wrote: “The working language in the Auroville office will be French, and those who do not know French must learn it.” Here’s a perfect opportunity to learn this beautiful language!

Since mid-May, Jean-François has been offering group courses at all levels and has taken over the two currently ongoing courses. He is happy to provide private classes as well as ten-to-twenty-day intensives. We’ll probably run several batches so that students can progress from one level to the other throughout the year. For the intermediate and advanced students, Jean-François is very happy to offer courses in French literature, in addition to Conversational French.

• Enquire now to join! In case you have any queries, Jean-François is available to meet Mondays & Fridays at the Lab between 10 am and 12noon. His goodwill and enthusiasm are infectious, so do take advantage of this opportunity.

**SEEKING FUNDS**

Dearest fellow Aurovilians, as part of my university studies, I have been selected to study abroad for a semester. It is an exciting and rare opportunity but it presents some financial constraints. I’ve started a fundraising campaign and would like to request your help.

My name is Bhavya. I grew up in Auroville, and since 2018, I’ve been pursuing a Bachelor’s degree in Urban Design at CEPT University in Ahmedabad, India. I’m passionate to learn about how people behave and interact within public spaces.

This rigorous five-year course explores urban environments, guiding students towards innovative and cross-disciplinary solutions to urban challenges faced by cities. My interest in this field is very much tied to the vision of Auroville, and the idea has always been to learn something I could bring back to the community.

For my final semester (February to July 2023), I have been selected from more than 30 peers to study in Milan for six months as part of an exchange program. The program, ‘Urban Planning and Policy Design’, is offered by Politecnico Di Milano, the largest technical university in Italy. It is a Master’s level course that will challenge me, help me broaden my horizons, and immerse me in a rich, cosmopolitan learning environment.

I see this as a beautiful opportunity to learn from practices around the world and bring the knowledge back into a context that I believe really needs young thinkers. I am confident that this experience will further my progress and help me offer more to Auroville.

I am very excited about this! I need to raise INR 5.7 lakh for visa, travel and living expenses.

Could you help me make this dream a reality?
Please consider contributing to this specially created fundraising FS Account 106288. Every contribution is deeply appreciated!

If you’d like to learn more about this opportunity and why I am so thrilled, I’d be more than happy to share more with you. Please email me aurobhayva@gmail.com.

Thank you! Bhavya

UNEARTH PRECIOUS STONES
She sets out to
Unearth precious stones
In deep, dark mines
Carve and polish each diamond

DOWN THE FALSEHOOD AND DECEIT
Since many years now a clique of misleading people individual allergic to the manifestation of the fourthly galaxy on fallacious pretexts of democassy have taken sneakingly, insidiously with a hypocritical smile the reins of Auroville future, preventing any further development of the city, Mother has envisioned. They are the famous (for those who have read with glee and gratitude all Sri Aurobindo’s books) Dasyus and Panis the sons of the night of the vedas resuscitated. They are the obstructors, the twisty, the merciless Truth which wants to establish itself and with grace in the Hearts of women, who are aspiring for a better world the manifestation of the truth consciousness disclosed by Mother and Sri Aurobindo’s unceasing prayers and works. This new consciousness will wipe out for good the dusty obfuscations polluting our understandings of things. All along the long years these crooks with vest, mean, personal interests have put in charge through the resident fantasiased assembly puppets (W.C, FAMC, AVC, etc) at their service, stooges to support and con solidate their hold on Auroville’s affairs. Those who protest like me were boycotted, have faced public discrimination and risiculed in the name of harmony and unity. Personally I have been censored for many years by this occult mafia, the sneaky controllers of the resuscitate vedas.

An eternal story... The fight between the Devas and the Asuras. All over the world politicians govern by manipulating the people in order to safeguard the power of the powerful wealthy.

Elections are held, it’s all from top to bottom a huge humbug. An illusory farcical fiendish game all over the world hold the sparkling stage. They flatter the mobs with false promises they receive them with sales pitch speeches, these delirious demagogues bluff the naive crowds, letting them believe that they are the great saviors of the human race, when in facts they are the representatives of the rich looters.

Auroville, to a lesser degree has been struck by the same deadly epidemic, the finetalkers have poison, polluted, distorted the perceptions, understandings of a credulous Auroville population. They have veiled hijacked, the true truth of themselves and Auroville.

Auroville is not Auro jungle, its Auroville, the cradle of the future regeneration of the lost human race, if the crooks full of their ridiculous egos don’t spoil everything with their hard core selfishness.

A radical change of consciousness is urgently called for if we don’t want the whole earth to disintegrate into cosmic dust, All over the world the states (U.S is the leader) have spent in 2021 for 2113 billions dollars for armaments (a world record) of all kind of deadly techno-sophisticated tools of massive destruction. No joke this world is a real lunatic asylum. Here in Auroville we must try to get out of this possessive madness. So, In consequence we must be governed by the noble Soul of Truth, Love, Beauty and universal harmony, in order to present to the deluded world a credible alternative to the prevailing organized chaos.

Happily, all over the planet people seem to loose their illusions about the sacro-saint democracy. For example in France, the forerunner (In principle) of this deceiving system, democassy has lost many of its colourful feathers. In the last legislative polls only 48% of the populace went to the poll boxes. The popularity of the democracy vaporized itself. So does the resident assembly which for my humble self has lost its relevance. It reflects only the cacophonic funny noises and turmoils perturbing constantly the brain of most of us (not me) No light at all can come out of this kill truth din. First, with impartial discrimination get rid for good of those who abuse our gullibility (not mine) and foggy naivey (not mine). These old good outdated pretenders use Auroville for personal, selfish aims. They try to consolidate their crumbling fortresses in using the ignorant clamors of the people. If we follow these chronic crooks, that will lead us to insignificance and complete failure. To build the city Mother has consciously dreamed for the salvation of the human race is to accept, her will with total surrender. To make a dancing step towards Aluminous and harmonious future. The Auroville’s Panis and Dasyus will be defeated. The greyhound of the sky possessed by an enlightened will is among us also the always vigilant Ashwins as soon as our hearts will be open, will shower on us the bonus of immortality. It’s my program, enjoy it you can. Hell or Divine life the choice is imperative.

Soham (Jaya Ma)
Hatha Yoga with Ramesh
Every Thursday from 5:30 to 6:30pm
Ramesh offers hatha yoga classes with some vinyasa flow and include pranayama, traditional sanskrit mantra chanting, and meditation. The style is gentle, adaptive and progressive where passive, gravity-assisted poses are mingled with dynamic vinyasa-style flow as needed. He places a lot of focus on breathing and body-mindfulness during the practice. It is ideal for beginners to intermediate-level practitioners. You will be exposed to authentic Sanskrit terms and their correct pronunciation. The practice will be rejuvenative and restorative. These specific classes will be on donation basis even for guests.

Traditional Sanskrit Mantras with Sonia
Every Friday from 5 to 6 pm, drop in class.
Starting on April 22.
In the recitation of Sanskrit Mantras the sound is very important and the specific pitches and strict rules of intonation and syllabic length should be learned according with the tradition of the great masters of the past, who figured out how to use the voice to calm the mind and attune the practitioner to the more subtle levels of the “sadhana” or spiritual path. Through the harmonic rhythm, repetition and participation in the singing, the mind reaches more clarity, concentration and tranquility.

Facial Acupuncture and Massage with Lhamo
On appointment only (+91 9565524237)
Facial acupuncture works on the principle that in the face there is a holographic miniaturization system covering the whole human body. The theory and techniques of facial massage comes from facial acupuncture and it is useful for people who are more sensitive and feel uncomfortable with the needles. Through massaging the face, neck, head and using acupressure, the whole body is treated and supported.

Gua Sha (Chinese Detox Scrub) with Lhamo
On appointment only (+91 9565524237)
This is one of China’s oldest treatments. The practitioner uses a tool like a flat piece of jade to scrub the skin to help release blocks, stagnant blood, energy and restore a natural flow. When the toxins in the deep layers of the body reach the surface through scraping, they get more easily released from the body. This treatment is also suitable for healthy people to detoxify, to purify and improve the metabolism of the whole body.

Head & Shoulders Marma Massage with Bala
On appointment only (+91 9892699804)
Marma points means “vital points that hold life force energy”. In this massage the practitioner uses fingers and hands to press (isometric / constant pressure) the specific point in head, face, neck and shoulders. This massage is based on the principles of Ayurvedic and various martial art traditions. Marma massage can help in relieving deep-seated tensions and improving circulation and energy flow.

Hypnotherapy with Lhamo
On appointment only (+91 9565524237)
In modern hypnosis, the emphasis is put on our own relationship to our own creative unconscious. There are many different aspects and parts in our outer and inner life. And there are parts that don’t have a positive appearance. But in hypnosis, we can turn them into positive possibilities and let them teach us how to discover their positive meaning.

Synopsis: “Flee” tells the extraordinary true story of Amin, on the verge of marriage, who compels him to reveal his hidden past for the first time to a close friend, the film director. The latter chose an animated approach in the form of a mockumentary to chronicle the harrowing journey of an Afghan immigrant and the unfathomable adversity he and his family had to navigate through to find a new home. An extremely strong and moving story, full of modesty and humanity telling the universal story of all refugees, asylum seekers who had to flee their country one day, at the risk of their lives, to find a home.

“CINE-master class” 5 – 7:30pm, Saturday, 9 July: Cold Summer Of 1953

• at Aurofilm, Kalaboomi (next to CRIPA)

If you like to discuss, share and learn more about films and Cinema, we invite you to our Cine-Master classes! Welcome to this chapter led by Dr. Alexander Pereverzev & Philippe May on: “Cold Summer Of 1953“ (ХОЛОДНОЕ ЛЕТО ПЯТЬДЕСЯТ ТРЕТЬЕГО) by Aleksandr Proshkin (1988)

Overview: In 1953, the year Stalin died, many prisoners (some political, but mostly common criminals) were released from the Soviet Gulags. This is the story of a remote settlement which was under attack by a bunch of these recently-released bandits, in the summer of 1953, and the townspeople, along with two political prisoners in exile, who try to stop them.

Alexander and Philippe will offer a presentation on the film construction and its context, for beyond its appearances of an action movie, it has much to offer for those who are not familiar in USSR/CCCP history. Of course the film will be screened thereafter; followed by an open discussion.

• Film in its Russian Original version with Engl. Subtitles, dur. 1h.37’

Our Closest Animal Kingdom Relatives
2021 / 42 Minutes / Anja Krug-Metzinger
What can animals’ emotions tell us about ourselves? This documentary takes us on a fascinating journey into the lives of the great apes. Did you know that chimpanzees wage war? Not only that, but they also show compassion, engage in cooperative behavior, and value fairness and reciprocity. Chimpanzees reconcile after fights, and comfort each other. Chimpanzee communities also have customs and traditions that vary from tribe to tribe. All this begs the question: are things like morality and culture solely human achievements? This documentary takes us into one of the last great wildernesses of West Africa – the mountainous jungles of Nigeria and shows footage of chimpanzees in the wild.

Nili Portugali’s

And The Alley She Whitewashed in Light Blue
Israel, 2015, Dir. Nili Portugali, Art-Doctahne, Tzipi, Hebrew w/ English subtitles, Rated: G
In this award-winning film, the director, an architect, takes the viewers on an intimate journey into the Holy Rabbi Zvi city of Tsfat, Israel. Unfolding in a poetic and spectacular language to a discovery of universal insights, from her holistic, spiritual, and scientific point of view. What is the secret of the timeless places in which one feels at home? And what is the magic of making that creates them - at any culture, place, and time? Via reconstructing memories, reflections of her grandma who was like a 2nd Hostel to her, and an alley whitewashed in light blue - the film crosses a new boundary combining art and cinema. We thank the director for sharing this film with us. She will be available for an online Q&A following the screening.

A film you do not want to miss!
