Our life on this earth is a divine poem that we are translating into earthly language.

*Sri Aurobindo*

Fire is the head of Him and His eyes are the Sun and Moon, the quarters His organs of hearing and the revealed Vedas are his voice, air is His breath, the universe is His heart, Earth lies at His feet.

He is the inner Self in all beings.

*Mundaka Upanishad*

Important Information About News & Notes 30
In that fair subtle realm behind our own
The form is all, and physical gods are kings.
The inspiring Light plays in fine boundaries;
A faultless beauty comes by Nature’s grace;
There liberty is perfection’s guarantee:
Although the absolute Image lacks, the Word
Incarnate, the sheer spiritual ecstasy,
All is a miracle of symmetric charm,
A fantasy of perfect line and rule.
There all feel satisfied in themselves and whole,
A rich completeness is by limit made,
Marvel in an utter littleness abounds,
An intricate rapture riots in a small space:
Each rhythm is kin to its environment,
Each line is perfect and inevitable,
Each object faultlessly built for charm and use.
All is enamoured of its own delight.
Intact it lives of its perfection sure
In a heaven-pleased self-gladd immunity;
Content to be, it has need of nothing more.
Here was not futile effort’s broken heart:
Exempt from the ordeal and the test,
Empty of opposition and of pain,
It was a world that could not fear nor grieve.
It had no grace of error or defeat,
It had no room for fault, no power to fail.
Out of some packed self-bliss it drew at once
Its form-discoveries of the mute Idea
And the miracle of its rhythmic thoughts and acts,
Its clear technique of firm and rounded lives,
Its gracious people of inanimate shapes
And glory of breathing bodies like our own.
Amazed, his senses ravished with delight,
He moved in a divine, yet kindred world
Admiring marvellous forms so near to ours
Yet perfect like the playthings of a god,
Deathless in the aspect of mortality.
In their narrow and exclusive absolutes
The finite’s ranked supremacies throned abide;
It dreams not ever of what might have been;
Only in boundaries can this absolute live.
In a supremeness bound to its own plan
Where all was finished and no widths were left,
No space for shadows of the immeasurable,
No room for the incalculable’s surprise,
A captive of its own beauty and ecstasy,
In a magic circle wrought the enchanted Might.
The spirit stood back effaced behind its frame.
Admired for the bright finality of its lines
A blue horizon limited the soul;
Thought moved in luminous facilities,
The outer ideal’s shallow’s swim-range:
Life in its boundaries lingered satisfied
With the small happiness of the body’s acts.
Assigned as Force to a bound corner-Mind,
Attached to the safe paucity of her room,
She did her little works and played and slept
And thought not of a greater work undone.
Forgetful of her violent vast desires,
Forgetful of the heights to which she rose,
Her walk was fixed within a radiant groove.
The beautiful body of a soul at ease,
Like one who laughs in sweet and sunlit groves,
Childlike she swung in her gold cradle of joy.
The spaces’ call reached not her charmed abode,
She had no wings for wide and dangerous flight,
She faced no peril of sky or of abyss,
She knew no vistas and no mighty dreams,
No yearning for her lost infinitudes.
A perfect picture in a perfect frame,
This faery artistry could not keep his will:
Only a moment’s fine release it gave;
A careless hour was spent in a slight bliss.
Our spirit tires of being’s surfaces,
Transcended is the splendour of the form;
It turns to hidden powers and deeper states.
So now he looked beyond for greater light.
His soul’s peak-climb abandoning in its rear
This brilliant courtyard of the House of Days,
He left that fine material Paradise.
His destiny lay beyond in larger Space.

**HAPPY NEW YEAR!**

Dear Residents of Auroville and the children of The Mother,

“Bon Noël to all, in Peace and Joy.

May this new Christmas be for you the advent of a new light, higher and purer.”

The Mother

On this auspicious day, we are moving towards a bright new year, let us all come together harmoniously, recommit ourselves sincerely and truthfully to manifest Mother’s Dream, Auroville.

**INCREASE OF CHILDREN’S MAINTENANCE**

from January 2022 onwards

Dear Community, in October 2021 the BCC gave equal opportunities for financial support to all our children regardless of how the parent is contributing to Auroville.

The Children’s Maintenance is available to any child

- below the age of 18,
- living in Auroville,
- whose parents’ resources are insufficient*

* As Auroville is at present unable to provide all Aurovilians with sufficient maintenance, people who have their own resources are requested not to apply for maintenance; or if their resources are insufficient, only to apply for what is necessary. (extract from existing Work, Maintenance, and Individual Contribution Guidelines)

To support this broader scope the BCC had reduced the individual Children’s Maintenance amounts. As of December, 113 more children are receiving financial support, which is less than the budgeted for. Therefore we are able to increase the Children’s Maintenance amounts by Rs 1,000/child, which was also requested by some community members.

It will be adjusted automatically from January ‘22 onwards, as per the overview below:

**NEW GUIDELINES FOR INTERNATIONAL ARRIVAL**

Dear community, We here inform everyone coming from abroad that the Tamil Nadu govt has issued new guidelines for international arrival and currently a period of quarantine of seven days followed by a test on 8th day is required for every country of departure and not only for those considered at risk.

Aurovilians and Newcomers are requested to register immediately after their arrival by email with the Resident Service and inform Aurosugan at SanctoCoordination@auroville.org.in or WA 80123 05151 with regard to the documentation concerning their quarantine exit test.

Guests and Volunteers are required to do the same through their guest house or the Guest Registration Service.

We also inform people whose quarantine is ending on 27 and 28 December that our local Health Department is organising a collection of swab tests tomorrow Monday 27 December in Santé at 10.00 am. Please contact Santé Co-ordination for further details.

Other visitors, who have come to Auroville after 1 December, are required to go to Santé to show the results of their post quarantine test or take a test there if they have not yet done it.

**SEARCHING FOR A NEW MEMBER**

For the Budget Coordination Committee

Dear Community, we still are in search of a new member for the Budget Coordination Committee (BCC)! Our announcement in early December met with no response.

If you feel inspired to join the BCC, please write to the FAMC at famc@auroville.org.in before 15 January 2022, with a statement of your interest/ aspiration and a profile of your relevant skills and work experience.

As mentioned in the BCC mandate, general criteria for being a BCC member are:

1. Proven commitment to the realization of a collective organization and economy as envisaged by the Mother for Auroville.
2. A capacity to see beyond the particular needs of their own representative area of work or interest.
3. An openness and concern for the well being of all aspects of Auroville’s maintenance and development.
4. A capacity to work in a team and to give sufficient time to the work, in a spirit of goodwill, collaboration and transparency.
5. An affinity and / or experience with community work in the domain of budgeting and accounting.
6. An in-depth knowledge in any of the areas represented in the BCC.

Additional to the general criteria, BCC is currently looking for additional support in its “Review” section, which reviews the utilisation of City Service budgets to ensure that these are being used as specified and in an efficient manner.

Someone interested in taking up this role would therefore be a great addition to the BCC team. Qualities beneficial for this specific role are (a) management experience, (b) experience in budgeting and accounting or affinity for the latter and a willingness to learn (c) an ease and readiness to communicate, interact and work with service managers in the community (d) minimum half-time commitment.

For further information about the BCC mandate, functioning and responsibilities, please see the BCC Mandate (May 2018).

Thank you for considering to actively participate in this important service to the community. We look forward to hearing from you.

Sincerely,

FAMC (Funds and Assets Management Committee)  
Amy, Angelo, Jonas, Lisa, Marc, Palani, Ranjith, and Stephan
RAM1 REPORT

In preparation for the RAD to stop all development work on the Crown until further notice from the RA

Dear Residents, below is a report of the Residents’ Assembly Meeting (RAM) that happened on Monday 20th of December.

Residents’ Assembly Meeting (RAM 1)

Day / Date: Monday, 20.12.2021
Venue: Unity Pavilion
Time: 4:00pm to 7:00pm
Attendees: about 600+ (in person) and 191 online
RAM called by the Residents’ Assembly Service (RAS) per request of 60+ concerned residents
Facilitators: Elisa, Fif, Julia

You can find the full RAM recording here

For the background of this RAD, please refer to our previous communication.

Please click on the below button to give your feedback on the proposal:
Share Your Feedback On The Proposal

Approximately 600+ people attended the meeting in person (inside and outside the Unity Pavilion), and 191 connected online via live-stream. Newcomers and volunteers were welcomed, as stipulated in the RAD policy, as silent observers and requested to take place outside. A small number of AV youth below 18 years observed silently outside. Childminders took care of 18 children in the back of the building.

People registered their participation to the RAM from 3:30 pm on, and gathered at 4:00 pm.

On a very short note the Secretary of the Auroville Foundation has informed the RAS about her intention to come to the Unity Pavilion and address possible misunderstandings and answer questions. An intensive debate started on the relevance of the AVF Secretary being present at the Residents’ Assembly meeting.

The RAM was formally opened at 4:40 pm by the RAS team which introduced themselves, this first RAM and the different steps of an RA Decision-making process.

The meeting facilitators set the intention, inviting different points of views on the topic.

Representatives of the petitioners presented their proposal, giving a timeline of the recent events, and their perspectives. The RAS briefly mentioned the petition they received which was asking not to hold this RAD.

Members of the ATDC presented their views and arguments.

Individual members of the Residents’ Assembly shared about their perspectives.

The RAM finished at 7:00 pm with an out-of-the-ordinary “pulse” of the people present in the room at that time.

For a deeper exploration, please refer to the following:
- Petition
- Steps of an RAD
- Presentation of the petitioners
- Presentation of the ATDC
- Clarification: What is an RAD, RAM, RAS (in English, French and Tamil)

As per the RAD policy, “the RAD will collect and compile the feedback received and hand it over to those who initiated the RAD and made proposal(s). It is the responsibility of those who initiated the RAD to integrate feedback and present the revised proposal at the follow-up RAM including an explanation of what feedback was integrated, what not and why.”

The RAS will announce the date and agenda of the follow-up RAM soon.

*** End Of Report ***

We would like to express our gratitude to all the people who helped with facilitating the event, preparing the room, taking care of the flowers, the music, the video and audio recording, giving “free hugs”, childminding, OM singing when needed, respectfully listening and sharing.

Finally, the RAD team would like to acknowledge that mistakes have been made in how this first RAM has been handled (in particular in the pre-meeting and at the end of the RAM). We apologize to the large community for this. We will share a separate detailed note soon.

Much love,
The Residents’ Assembly Service

UNDERSTANDING OUR COMMUNITY’S BUDGET

Various areas of community activity, from education to administration to farming to health and more are supported by our community’s “City Services” budget administered by the Budget Coordination Committee (BCC). How is this overall budget funded and shared between each sector? How many services are supported in each sector? How many people – Aurovilians and others – are serving in each? Who is served by and benefiting from these?

Dear community, the BCC is happy to share a report of the last financial year designed by Suryamayi (BCC member) and Awinash (BCC Resource Person) to make the City Services budget more accessible and relatable to the Auroville community, answering the above questions in words, numbers, graphs and pictures!

This presentation can be accessed online at budget.auroville.org.in. If needed, you can email bccoffice@auroville.org.in to send you a soft copy.

We encourage you to access the online version, as it has some interactive features, and will be updated if additional data or feedback comes in!

We also warmly invite you to attend a live presentation of this report on Friday, January 7th from 4:30 – 6:00PM at Unity Pavilion.

This presentation will serve as the first step of the participatory budgeting process BCC is holding this year which we encourage all to engage with. (See previous N&N and the Auronet for more information).

In community,

THE ARTS

SETTING THE STAGE: NICHOLAS ROERICH AND THEATER

Slide-show with Explanations
by Dr. Alexander Pereverzev
Wednesday January 5, 5-6pm,
Sangam Hall, Savitri Bhavan
All are welcome

The slide-show explores the significant contribution the famous Russian artist, thinker, archeologist, explorer and public figure Nicholas Roerich made to theater. His association with theater spanned four decades during which he worked in more than thirty productions mostly as a costume and decor designer. The slide-show also focuses on Roerich’s involvement in the production of Le Sacre du Printemps/The Rite of Spring, which is sometimes considered the most influential ballet of the 20th century.

GLASS WORKS EXHIBITION
By Happy Glass Studio, 7–22 January
Centre d’Art Gallery, Citadines
Exhibition opening: Friday, 7 January, at 4pm

Robert L’Heureux is a Canadian artist from Montreal, Canada. He began his apprenticeship as a stained glass artisan at the end of the 1970s in an effervescent era where new ways of living and expressing oneself were sought. His learning led him throughout his country for many years, to settle where the artistic community was present and involved. Today, after 9 years in India, he has set up his workshop in Auroville, the utopian city, from which he offers his teaching, creations and inspiration to those who seek light in their environment, those who want to go a little further in their perspective. This present exhibition is at the intersection of traditional techniques and new ways of expressing the beauty of glass.

**BUILD THE CITY THE EARTH NEEDS**

Dear all, first I want to thank you that you apologized for the Mob-like meeting and that you apologized also to the Secretary. Perhaps in the future you should avoid those Mob images that are distributed all over the globe.

Please allow me the following pertinent questions:

1. How do you imagine that a minority of around 20% can impose on a majority of around 80% its will? This majority, though silent presently and watching with horror the happening, came to Auroville to build the city of Mother. This majority will not waver and will not let go of Her dream and the Auroville project.

2. We all were invited to India to help build the City the Earth needs. Why should India keep workers who openly and practically boycott and refuse to collaborate in the building of the city? Can’t you see, that little by little you approach the moment, where you have cut the branch, on which you were sitting so comfortably these last 50 years?

3. Some years ago Auroville went through a very similar hysterical phase. The lie that the Banyan tree of the MM was dying and was spreading through the whole community. Instead of looking, if there was a truth in all that, meetings after meetings took place. Of course the Banyan tree was never dying and you can check his good health at the MM.

4. You are members of a bureaucratic body which theoretically was created to help and support the community of Auroville to move forward. Perhaps you could try to convince our rebellious minority, that it would be wiser and more constructive to finally help and collaborate at last, in building this city. Till now we heard only no, no, no, What about some proposals from their side... there will be so much to do in the future.

**OUR 2022 NEW YEAR’S CARD FOR THE LAND**

Welcome 2022!

Dear Friends of Auroville’s Beautiful & Harmonious Development, the New Year 2022 is upon us. We are happy to report that the year gone by has seen success with the purchase and consolidation of 12 new plots (comprising 20 acres & 29 cents) by Auroville’s Land Board in the planned township area, mostly in the water catchment area next to Irumbai Lake – all thanks to your generous contributions!

Our annual New Year’s card, shown above, is a way to connect with you and to express our sincere appreciation and thanks for your contributions and collaboration, and to let you know that the efforts for providing a unified ground for Auroville’s flowering are continuing unabated.

Besides this e-version, we will be sending our land donors a printed copy of our New Year’s card by post. If you don’t want to receive a hard copy by post, please drop us a line at lfau@auroville.org.in. However, due to Omicron, postal service from India to certain countries will unfortunately be delayed.

If you are in Auroville, these beautiful cards will be available for free at major places in the City of Dawn township.

We take this opportunity to thank Aurovilian Piero Cefaloni for the cover photo and Aurovilian Lalit Kishor Bhati for the photos for pages 2 & 4. We sincerely thank Aravinda, along with Jasmin, who this year once again did the design and printing so this inspiring card could see the light of day.

As a special plus, we are pleased to communicate the most recent update from Auroville’s PRISMA Books. Facing unprecedented odds, like many others, as the pandemic unfolded in 2020, PRISMA chose to experiment with novel open-access publishing methods, and you can read a reflection on their experience so far in their latest newsletter.

They write: “As world events unfold in ever-interesting timelines, our team continues to experiment with futuristic publishing to present intriguing titles for a serious read in such exciting times.” Two of their recent open-access publications include “Sri Aurobindo’s Savitri: The Auroville Radio Talks” by Loretta Shartsis, a four-volume work that emerges from talks recorded by her for Auroville Radio over the last seven years, available here, and “Auroville, A Dream”, a rich text on its aims and ideals, available here. You can see more of their open access publications or order print books worldwide through their website or through auroville.com.

Each year, your donations have brought Auroville closer to a more consolidated physical base.

Present circumstances show that your support remains vital, and precious. Solidarity works – so let us keep up our collective dynamism! By supporting Auroville’s harmonious land consolidation, you strengthen Auroville’s ability to be an inspiring beacon of hope and light!

With confidence in Auroville’s bright future, our sincere appreciation, and our warmest wishes for a

Merry Christmas and a Happy 2022!

**THE IMPORTANCE OF LOCAL FOODS**

**Solitude Farm**

Dear Friends, at Solitude Farm, we have understood the importance of local foods.

Easy to grow, exceptional medicinal and nutritional value, zero carbon footprint, local foods are the foundation of whole civilisations. This road back to Nature through understanding what grows locally has emerged hand in hand with Solitude Farm Cafe which explores this narrative in the most practical way – feeding people.

Over the years, with an increasing public interest and media coverage including television interviews, ted talks, youtube, newspaper and magazine articles, documentaries and talks at various universities and conferences, this narrative of cultural redemption through understanding local food has touched many people throughout India. A reflection of this interest is that the daily farm to plate thali offered at the cafe has become very popular.

About ten years ago it was a struggle to get people to value green papaya and chicken spinach, let alone turkey berry or banana stem, but now, Solitude Farm Cafe has become a destination for people searching out food that has a deeper meaning and connection to Mother Earth. It is heartwarming, to see how neem flowers in the rasam or ragi adai cooked with drumstick spinach can be a repeat request for hungry teenagers!

As well as the daily farm to plate thali, the cafe serves wild weeds salads, amla and kumquat vegan ice cream, green smoothies, vegan sushi and coolers made with flowers and leaves. The small farm shop supplies fresh produce such as local spinach and dry goods such as Ayurvedic powders, natural soaps, seeds and local millets.

Solitude farm represents an honouring of Mother Nature and the gifts she offers us. This philosophy demonstrates how local foods are the lowest common denominator in any society. They are the collective value. They are an ad-hesive, the one thing we can agree upon! You could say they are the fabric of cultures.

My work, as well as running the farm and showing how a non-interventional agriculture is an emerging possibility, (if we focus on nutritional rather than financial value), focuses largely on education. Teaching how to reconnect to Mother Nature through local foods; growing, cooking and eating! This road back to Nature speaks to all age groups, from 4 year olds to school children and adults.

There are many modules that we teach but recently I have started to work with groups from Auroville units and organisations such as Eco-service, Svaram and Thamarai. With these groups we have harvested, cooked and eaten together. Simple and yet so meaningful if these foods can be introduced into people’s lives.

This work is deeply meaningful to me. How to get people to recognise the value of their own culture?

Tamil Culture is like a banyan tree with music, art, architecture, spirituality and a language that is considered to be the oldest in the world. This Culture has emerged precisely because the people of Tamil Nadu had a relationship to where their food came from. The implications of this work are so widespread because food is the foundation of our existence.

Nowadays farmers grow food for financial profit at a huge expense to Mother Nature; fossil fuels, chemicals and agricultural practices that destroy the soil and deplete our water resources are widely recognised as a major contributing factor to climate change. In contrast, local foods do not destroy our planet, they have no ecological cost, they also have amazing nutritional and health values and taste great. Local foods are the source of well being in any society.

One context we have been exploring is the Mid-day meal scheme that is offered in local schools. By valuing local foods, that honour Mother Nature and value biodiversity the problems created by man from climate change to diseases such as diabetes are directly addressed and well being is given a chance to grow. What would the implications be for a generation of children eating these foods on a daily basis?

A healthy society with a collective value?

This is where my work lies. I am aiming at developing a strong outreach throughout Tamil Nadu, trying to bring local food back as a collective value.

So I am writing this mail to get help.

Solitude Farm is dynamic and inspiring but it is also a lot of work and demands commitment. There are so many aspects to the work from managing the farm and cafe, making Ayurvedic powders, making natural soap, food processing dry goods, jams, pickles etc running the seed bank and community nursery, administration, documentation, maintenance, accounts, teaching and more!

Solitude needs help to make the next steps, to grow and expand further. There are plans and efforts to create an outreach program in Tamil Nadu and more hands and hearts are needed!

If any of this speaks to you, if you have skills, especially in organisation, management, training, computers, media or administration and you would like to be part of this work, please come and talk with me to see how you could participate.

In that quest I have been in touch with greatest scientists, personally, that have touched my intellect and my heart with their theories, research and evidence that we can expect miracles from the Mother Nature and its memory. The most notable are: Dr. Louis Kervran (French) with the Biological Transmutations. Dr. Teruo Higa (Japanese) with the Beneficial Bacteria Coexistence. Dr. Bonnie Bassler (American) with Quorum Sensing and Bacteria talk. Dr. Paul Stamets (American) about the magical, mysterious and medicinal world of fungi and their power to heal, sustain and contribute to the regeneration of life on Earth that began 3.5 billion years ago.

In this 25 years’ quest, I have learnt a lot, and have failed and succeeded working with microorganisms as well. I have been pushed to the limits to believe, confront, and apply many theories pursuing results that have not explanation sometimes. I can write a book of cases of study, stories, experiences, funny and dramatic moments that has brought to my existence the best of my last 25 years. No regrets but fulfillment.

In 2011 me and Guidelma – the best partner of my life – could not handle anymore the purchase of personal and household cleaning products in our Auroville outlets; as they were all using Palm Oil, phosphates, sodium lauryl sulphates, synthetic substance, chlorine, plastic, etc. That was the moment we decided to make those ourselves, using only local ingredients but keeping LIVE BACTERIA inside was paramount, and scientifically evident by testing them in USA labs in that time. We succeed. After that came Prabiotics Ceramics and more. Our mission was to help us and everyone to clean the planet Earth and its creatures.

But what about the organic waste? Do you know that for 1 ton of organic waste we generate 4 tons of carbon dioxide to the atmosphere? Since 1995, I have been looking in carbon sequestration meanwhile we produce compost from organic waste. Working with Prabiotics in liquid form requires lots of commitment and discipline, for the anaerobic part and the leachates. And still there is a small portion of carbon dioxide generation. I never thought, that the final answer in the simplest way will became to light in the year of MEGeoduties – Probiotics House celebrate the 10th anniversary. And that is a Divine Grace’s gift.

Before 2021 year finalizes, MEGeoduties – Probiotics House present our 10th anniversary gift named PROBACILL. “A pinch of salt for your food taste, a pinch of PROBACILL for your food waste”. See our YouTube videos:

Two years ago, I was diagnosed with Parkinson Disease. Since that day I choose not to take allopathic medicine at all, only Ayurvedic medicine. My brain is slowing down gradually, but the major tasks have been done, and I feel proud of the achievements. My brain also become selective in what to do and left it as it is. I have deep gratitude to my mother for her endless support, Guidelma, my family, Auroville community, all the team of MEGeoduties, The Mother and The Divine Grace.

PROBACILL is ready to be in your place. The cost of treating organic waste is only 1 rupee per person per day!

LETTER TO
Dr. Jayanti Ravi, Secretary of the Auroville Foundation Members of the Governing Board of the Auroville Foundation Auroville Foundation Bhavan Auroville December 22, 2021

Dear Dr. Ravi, Dear members of the Governing Board,

As this eventful year draws to a close we, representatives of the international community of Auroville friends and supporters, would like to express our sincere wish that the New Year will see further harmonious development of Auroville, worthy of Sri Aurobindo’s 150th anniversary.

We stand ready to support Auroville in the preparations for this event and have already offered to the 150th Anniversary Group that we will help with programs taking place in the International Zone – a zone to which we naturally feel a special connection, but which so far is the least developed zone of Auroville.

It is envisaged to particularly highlight Sri Aurobindo’s writings on “The Ideal of Human Unity”, which elaborate on the next stage of human evolution our present civilization is urged to attain: the spiritual fraternity of humankind.

This ideal of Human Unity is also the core of Auroville’s own values and raison d’être. In this light it has been very painful for us to see the present division in the community on the question of how and by which means the further development of Auroville can be hastened, and the fearsome events in its wake.

It has been very reassuring, however, to receive the recent news that a group from the Vastu Shilpa Foundation, under the wise guidance of Shri B.V. Doshi, is prepared to support Auroville in its striving towards working out Detailed Development Plans, as stipulated in the Auroville Master Plan. And it has been especially reassuring to learn that these planners have invited a group of Auroville architects, including David Nightingale and Omar, to collaborate with them, applying the inspiring community building participatory “dreamweaving” process.
We would like to encourage this collaborative approach, to move forward by striving for unity in common action, since we firmly believe that any further development can only be based on mutual trust and goodwill. It is in true dialogue and hands-on collaboration that unity will be realized and healthy development will be hastened.

We are eternally grateful to India that it has allowed this experiment in Human Unity, “decreed by the Divine”, as The Mother said, to be founded and to flourish on its soil, generously supported by both the Union and the State government.

Since its inception, Auroville and its unique galaxy model have inspired many thousands of people worldwide. Auroville’s groundbreaking work of healing wounds of the past, inflicted on the earth and on people, has been proof that Human Unity is not just a lofty philosophical ideal, as Sri Aurobindo said, but can only be achieved in collaborative action on the ground.

The actual realization of Human Unity is part of the individual as well as of the collective yoga of all Aurovilians, a yogic endeavour that can only be based on the free unfolding of one’s innermost soul values, without any fear. We therefore appeal to you to safeguard that all Aurovilians can follow their path of yoga freely, unencumbered by fear of reprisals.

The enormous scope of Auroville’s achievements since its inception – in the fields of education, afforestation, water management, alternative energy, agriculture, rural development and more – by a comparatively small group of Aurovilians has attracted millions of visitors and thousands of volunteers from all over the world. It has also gained respect and support by international governments, financing many important projects in Auroville and the bioregion.

It is our sincere wish that Auroville International can further encourage and extend these kinds of programs and let Sri Aurobindo and The Mother’s message of Human Unity spread out from India to a troubled world in desperate need of it.

Yours respectfully,

GREEN COLUMN

New possibilities and a book review

While the extended ruling of the National Green Tribunal – which halted the cutting of trees till the 3rd of January – is still holding (see last Green Column), we are aware that these intense and eventful times are also an opportunity to find common ground, that human Unity that Auroville stands for. Conversations, discussions, brainstorming and meetings are taking place in search for more holistic, harmonious and inclusive planning methods in a collaborative spirit. The meeting on Dream weaving in Unity Pavilion last Monday showed an attempt to organize this with the inclusion of many Auroville architects, multidisciplinary experts and members of the community in concert with the Vastu Shilpa Foundation under the guidance of Shri BV Doshi. These are positive developments and hopefully they be will be explored in depth in this coming year of Sri Aurobindo’s 150th anniversary.

For the New Year we like to recommend some inspiring reading, below a short book review.

The Nutmeg’s Curse by Amitav Ghosh.

Most of us have accepted that the climate crisis started with the widespread use of coal at the beginning of the Industrial Age but Ghosh takes this history at least three centuries back Most of his ire is reserved for European colonisers, but the book should have devoted more space to illustrate how the ruling elites in developing countries are doing the same today. Gosh challenges every shibboleth of establishment ‘wisdom’, every prevailing paradigm, because he wants to make us think outside our comfort zones. He has succeeded!

The biggest challenge Ghosh throws down is to the prevailing understanding of when the climate crisis started. Most of us have accepted that it started with the widespread use of coal at the beginning of the Industrial Age in the 18th century and worsened with the mass adoption of oil and natural gas in the 20th. But Ghosh takes this history at least three centuries back, to the start of European colonialism in the 15th century (the Dutch Nutmeg plantations in Indonesia). How European colonialists decimated not only indigenous populations but also indigenous understanding of the relationship between humans and Earth. How this was an invasion not only of humans but of the Earth itself, and how this continues to the present day by looking at nature as a ‘resource’ to exploit. It makes one rethink what is going on around us, from the dawn of European colonial conquests to the ongoing Covid-19 pandemic.

We know we are facing more frequent and more severe heatwaves, storms, floods, droughts and wildfires due to climate change. We know our expansion through deforestation, dam building, canal cutting – in short, terraforming, the word Ghosh uses – has brought us repeated disasters, of which Covid-19 is only the latest manifestation. Are these the responses of an angry Gaia who has finally had enough? By using the word ‘curse’ in the title, the author makes it clear that he thinks so. Ghosh has quoted many non-European sources to enquire into the relationship between humans and Earth. How this makes it clear that he thinks so.

Gosh challenges every shibboleth of establishment ‘wisdom’, every prevailing paradigm, because he wants to make us think outside our comfort zones. He has succeeded!

There have always been challenges to the way European colonialists looked at other civilisations and at Earth. It is just that the invaders and their myriad backers in the fields of economics, politics, anthropology, philosophy, literature, technology, physics, chemistry, biology have dominated global intellectual discourse.

Ghosh’s success is in bringing these other voices together to throw open the challenge anew, to call for a paradigm change and to situate it in today’s world. Ghosh does challenge the way rulers around the developing world are doing the same today. Gosh challenges every shibboleth of establishment ‘wisdom’, every prevailing paradigm, because he wants to make us think outside our comfort zones. He has succeeded!

The Nutmeg’s Curse expands the climate and other crises in both time and space. By doing so, it has the potential to change the direction of many academic disciplines, not to mention policymaking.

Ghosh’s success is in bringing these other voices together to throw open the challenge anew, to call for a paradigm change and to situate it in today’s world. Ghosh does challenge the way rulers around the developing world are doing the same today. Gosh challenges every shibboleth of establishment ‘wisdom’, every prevailing paradigm, because he wants to make us think outside our comfort zones. He has succeeded!

AURINOCO WEBINARS
3 Session Stress Management with JV
on January 7, Friday, 8, Saturday & 9, Sunday
6:15pm - 7:15pm
Modern life led to unprecedented levels of stress, anxiety and worry. The pandemic is adding to the already high stress levels and popular stress busters like travel and social gatherings became risky. Unmanaged stress impairs your productivity, health and wellbeing. Managing stress could significantly reduce such deleterious effects and enable you to be more effective in the moment, even in difficult situations. This is a non-religious primer in stress management with emphasis on ‘how to’; based on a fusion of ancient wisdom of Yoga and modern scientific research.

- Friday: Science of stress, first-aid for stress, stress busters
- Saturday: Prevention of stress, freedom from emotional overwhelm
- Sunday: Negative thoughts, worry, anxiety etc. and building resilience

In the spirit of Auroville, this event is open and free to all. Please join the webinar in time and keep your microphones muted till question time. It is best to attend all the three sessions.

• Yoga nidra: 7 – 25 January
  Webinar with Egle “Nothing behind, everything ahead”: 21 day Yoga Nidra online course, January 7 – 25
  The course includes 9 live zoom sessions 2 times a week, audio recordings for practice, home exercises & sharing.

Description:
What is your aim? What do you want to achieve? This is not a rehearsal. This is not a drill. This is your life.

You are here to make the most of it. It’s your consciousness that is the vehicle of change, that undergoes radical change from one life to another. It’s your consciousness that’s on a remarkable journey. But where is it going?

Into the heart of the subconscious mind, where all the answers lie, where one can discover ones Divinity.

The treasures lie in the subconscious mind, not in the conscious part/ego. Consciousness needs to become the partner of the unconscious, not its lifelong sworn foe.

Contents:
In this course we will explore one of the theories of the subconscious mind and the Archetypes of Self, Ego, Person, Shadow, Animus/Anima, what is a “God-program” and OBE (Out of Body experience).

Each topic will be followed by Yoga Nidra session to deepen the knowledge. Yoga Nidra is a tool, which enables a rapid shift from Beta to Theta brain wave state, which alters our perception.

The knowledge is then not a mere mental construct anymore, but is reified and becomes an experience.

Details:
Live sessions on 7, 9, 12, 14, 16, 19, 21, 23 & 25 January 8pm IST, Indian time (3:30pm CET; 6:30am PST)

Gyan Experience the Sacred Dances of Gurdjeff with Nirupam Gyan – a tool to being present, in the moment, aware – and not asleep.

Gurdjeff movements help to balance our 3 centers: the physical, the emotional and the intellectual.

Through the unusual combination of movements, the asymmetry, the will to break habits, they help us to acquire a new quality of presence. It’s a meditation through the movements.

While being in the movement, we may experience the stillness inside, and be simultaneously aware of our inner and outer space.

Watsu & OBA are aquatic bodywork modalities given in a warm water pool (ideally 35°C). Watsu, during which your face always stays on the surface, introduces the qualities and body mechanics required to work with someone in water in order to create a profound state of both physical and mental relaxation. During the OBA part you are also brought under water (with a nose clip), which offers a unique experience.

In this course, you will practice basic techniques and qualities (grounding, presence, stillness, movement, attention) of being and moving another body in water. You will experience floating other people and being floated, on the surface and under water, thereby creating space for deep relaxation and nurturing body, mind and spirit.

Watsu & OBA offer an opportunity for profound relaxation and letting go, for building trust, for being nurtured and held, for expanding inner and outer boundaries, for releasing emotions and traumas – ultimately, for freeing body and mind in a flow unique to each person and each session.

Participants in this course often appreciate the group space, which fosters deep, meaningful, and nurturing connections.

Didactic material and certificate are given upon completion of the course. No previous experience required (also no need to be able to swim)!

Watsu® 1 (Transition Flow) with Dariya & Daniel

You will also learn about your own body mechanics and how to support and move each person as effortlessly as possible. On land, you will be introduced to both Co-Centering and Tantsu.

Prerequisites: Watsu Basic

Didactic material and certificate are given upon completion of the course.

CHINESE FIRE CUPPING AND MOXIBUSTION THERAPY

Fire cupping is an ancient form of therapy of China, in which a local suction is created on the skin by introducing the fire to the inside of the glass or bamboo cups, fire cupping is one of the best deep-tissue therapies. Moxibustion has been used in China, Japan and Korea for thousands of years. Treatment is done by burning a Chinese medicinal herb, called Moxa or Mugwort, over a specific acupuncture point. The radiant heat stimulates the points and spread its potent effect to the whole body along the channels.

Both therapies are based on traditional Chinese meridian system and can release one’s accumulated toxin from deep inside the body, activate one’s blood circulation to dissipate blood stasis as well as improves one’s immune system, with good efficiency in acute and chronic internal organ disorders such as pain, stiffness, fever, chill, cough, wheeze, nausea, etc…

Chun is a certified physiotherapist, he has been enthusiastic about non-drug therapeutics since early age and experienced in Acupressure, Guasha, Fire cupping and Moxibustion therapies.

CHILD PORTRET

I (Roof Studio/Auroville Art Service) offer to draw your baby so that you can keep the memory of his/her first smile forever.

My mission is to bring attention to children and their upbringing by my drawing/painting of them. “How to Bring Up a Child?” is an essential question to our society. I do not provide an answer but hope to trigger a public discussion about it. My values are gratitude, humbleness and love.

My work is my impressions of the happy child, not a photo-like picture. I purposely chose smiling kids of an early age as they smile only when they are really happy. I enjoy my work and if you send me a photo of your child between 6 – 18 months of age, I will send you back for free a photo of my work. I will keep the right to exhibit the picture publicly and the copyright to it. I work with full confidentiality – no information about you or your baby will ever be made public. The photo should have some shadows, no flat light please. You could hold your baby so naturally it will be create shadow from the side of you. And a smile needs to be there.

Please contact me on: ivana.frousova@yahoo.co.uk

Prince animation come to the 17th chapter led by Abhijit Roy on: “The Little Cinema, we invite you to our Cine-Master classes! We follow the Covid-19 SOP. FYI the Aurofilm building is well open-air and well ventilated. You may carry your torch light.

**Synopsis:** Animated film based on the 1943 novella “The Little Prince” by Antoine de Saint-Exupéry. At the heart of it all is a little girl who’s being prepared by her mother for the very grown-up world in which they live – only to be interrupted by her eccentric, kind-hearted neighbor, the Aviator, who introduces her to an extraordinary world where anything is possible. A world that he himself was initiated into long ago by The Little Prince. It is here that the little girl’s magical and emotional journey into her own imagination – and into the universe of The Little Prince – begins... The film received many positive reviews, earning praise for its style of animation and homage paid to the source material, and became the most successful French animated film abroad of all time

Cine-Master Class on THE LITTLE PRINCE, Animation

If you like to discuss, share and learn more about films and Cinema, we invite you to our Cine-Master classes! Welcome to the 17th chapter led by Abhijit Roy on: “The Little Prince”, animation

**Overview:** Abhijit, media & entertainment professional and passionate about animated films, will offer us a study-analysis of “The Little Prince”. This animated film was released in 2015 as a fantasy adventure film directed by Mark Osborne and based on the 1943 novella of the same name by French author Antoine de Saint-Exupéry. Part of the story is told using 3D Animation, from the point of view of a young girl who has just met the book’s narrator, a now-elderly aviator. This is used as a framing narrative to tell the story of his meeting with the Little Prince in the Sahara desert using Papermation. The voice cast includes many award winning Hollywood actors. The film premiered at the 2015 Cannes Film Festival and received positive reviews, earning praise for its style of animation and homage paid to the much beloved source material. It won the César Award for Best Animated Feature Film and Annie Award for Production Design and Music.

Aurofilm is screening the film at MMC on Friday, a day before this study and we hope all or most of you will have seen the movie! As usual, informal exchanges and discussions will follow the presentation.

Abhijit Roy has more than 13 years international work experience as a professional Digital Artist, Team Lead, Trainer and Technical Director in various Hollywood movies and TripleA Games in the field of Visual Effects and Motion Capture Animation, respectively. His film credits include - Man of Steel, Transformers 3, Conan the Barbarian, Immortals and Maleficent. His Gaming credits include - Batman - Arkham Asylum, Tomb-raider, FIFA 2019 and Wrestle-mania.

We follow the Covid-19 SOP. FYI the Aurofilm building is half open-air and well ventilated. You may carry your torch light.

**MEDITATIONS ON SAVITRI, BOOK 6**

Monday, 3 January 2022, 4pm at Savitri Bhavan.

The Book Of Fate, Canto 1-2

The Word of Fate and The Way of Fate and the Problem of Pain. Duration: 33min.

Narad, the heavenly sage, who can move freely between earth and heaven, leaves Vishnu’s Paradise to visit earth. He descends to Aswapati’s palace in Madra, where the King and Queen welcome him. As they listen to the sage’s chants, Savitri arrives surrounded by the halo of love. She tells her father about Satyavan: “Father and King, I have carried out thy will. / Once a truth I sought I found in distant lands; / I have obeyed my heart, I have heard its call... / My father, I have chosen. This is done.” (p.424)

Aswapati asks Narad to bless their union. But some hesitation in the sage’s reply alarms Savitri’s mother. Pressed by her, Narad reveals that Satyavan is a marvelous result of the earth and heaven coming together, fully worthy to be Savitri’s mate, but he has only one more year to live: “This day returning Satyavan must die.” (p.431)

Savitri’s mother insists that her daughter should make another choice.

But Savitri replied with steadfast eyes: “/ If for a year, that year is all my life. / And yet I know this is not all my fate... / For I know now why my spirit came on earth / And who I am and who he is I love. / I have looked at him from my immortal Self, / I have seen God smile at me in Satyavan; / I have seen the Eternal in a human face.” (p.435,436)

Gripped by pain, Savitri’s mother challenges Narad and asks who made this cruel law of Time and Fate, of grief and suffering, and that perhaps there is even no God and no soul at all.

In response, Narad imparts to her the knowledge that the Eternal lives hidden in the soul of man. The mortals are not aware of the Immortal’s meaning in the world. Human thought is a light of Ignorance. And pain has a purpose: without it the human heart would never learn to climb towards the Sun of divine Truth and the spirit would be doomed to suffer until man is free. It is particularly the great souls who come to save this suffering world that must share its pain.

Hard is the world-redeemer’s heavy task;.../ “He must enter the eternity of Night / And know God’s darkness as he knows his Sun... / Imperishable and wise and infinite, / He still must travel Hell the world to save.” (p.450)

Narad also agrees that there is greatness in Savitri’s soul which can transform the whole world, but that it can reach its goal only through suffering. Savitri alone completing her heaven-sent task can save the world and face her hour of Fate.

A day may come when she must stand unhelped / On a dangerous brink of the world’s doom and hers, / Carrying the world’s future on her lonely breast, / Carrying the human hope in a heart left sole / To conquer or fail on a last desperate verge, / Alone with death and close to extinction’s edge. (p.461)

Having shared this knowledge, Narad, the heavenly sage, leaves the earthly scene.

With love and may peaceful progress be with us in the last days of this Year and in the coming New Year......and in offering all to Mother’s and Sri Aurobindo’s Grace...
